

## **Uncle Barts**

*Quirky speakeasy-style cocktail bar inspired by fictional American Gangster, Uncle Barts.*

Fancy a drink? There was a time when that phrase alone had some very illegal connotations. But, don't think that meant *everybody* followed the rules.

In the times of prohibition, Chicago's nightlife roared underground with top-secret clubs (dubbed 'speakeasies') serving booze and good times only to those trusted with the password. But what does Chicago have to do with London? That question has one answer: Uncle Barts.

### **Quirky speakeasy-themed cocktail bar**

Streetfighter turned right-hand man to Al Capone, Uncle Barts was not someone to mess with. Leaving his Chicago life behind him with a tip of his hat and a Cheshire cat smile, Barts fled the police and his life in America for good.

Luckily for London's night owls, however, Uncle Barts brought his Speakeasy antics with him across the Atlantic. And so continues his bootlegging legacy, with a less felonious but just as enticing cocktail bar hidden in the Chelsea Cloisters building on Sloane Avenue.

Nowadays, a booking at Uncle Barts is all you need to acquire the password.

### **'Illicit' Cocktails and 'Swiped' Snacks**

Uncle Barts' cocktails might be outside the law, but that doesn't mean they skimp on quality. Every drink made by the 'shady associates' (bartenders) of Uncle Barts looks fancifully unique and tastes incredible.

Not only does Uncle Barts deviously supply prohibited drinks, but they have also partnered with Gaucho to bring top-notch eats alongside. For the foodies and the night owls alike, drinks and nibbles has just got a whole lot quirkier.

Don't want to drink? Uncle Barts' shady associates will help you remain a law-abiding citizen with non-alcoholic versions of the menu's cocktails. As if that isn't enough, they also create exclusive mocktails using non-alcoholic spirit range, Seedlip.

### **Uncle Barts - a secret worth keeping**

Whatever your plans for the night, Uncle Barts is guaranteed to add an element of eccentricity and - for your guests - surprise! Enhance the fun by keeping Uncle Bart's secret until the moment you arrive.

Feeling swanky? Hire the entire place for a night of felonious fun all to yourself! Whoever you choose to share the space with is sure to be impressed with the instaworthy affair that is Uncle Barts - just make sure you trust them not to bring the Old Bill!
